

CBMS Absentee Practice Log

Any time band class is missed, you are responsible for making up missed playing time in class. You will need to get a practice log and spend a minimum of 30 minutes practicing at home or in the mornings at school. Parents should sign it verifying the time completed. The practice log is due within one week of the missed class. For example, if you miss class on Tuesday, then your practice log is to be turned in by the next Tuesday. After one week, the student will receive a zero for their daily participation grade.
