

CBBA Concession Stand Agreement

The Cherokee Bluff Band program requires the involvement of volunteers. Every parent/guardian is automatically a member of the Cherokee Bluff Band Association (CBBA). The volunteer agreement states every marching band family must work at least one concession stand at a home game. The concession stand proceeds bring in the most money to support the band program. There is an option to opt out with an additional \$200 fee which will be added to the final band fee cost. Thank you for your support.
